THE MENTAL ISSUE

PIN-UP BOARD

The knives are out this summer. So are forks, spoons, and even colanders. When it comes to dressing up, domestic goddesses everywhere know there's only one rule of thumb: throw on everything but the kitchen sink. Nat is wearing the *AC04* colander, designed by Achille Castiglioni, held in place by a decorative *Tripod* trivet on a chain designed by Gabriele Chiave. Both are produced by ALESSI. Nat's earrings are by GEORGINA TREVIÑO and the sunglasses are a collaboration between the Dutch design powerhouse MOOOI and GENTLE MONSTER. The top is by TELFAR. Jiyoung (opposite page) braided some of France's finest silverware into her hair, including a *Nantes* fork and dessert spoon, both silver-plated, and a *Zermatt* fork, knife, and dessert spoon, all made of stainless steel. All silverware is by PUIFORCAT. Around her neck Jiyoung is wearing a sterling silver *Chaîne d'ancre Game* necklace by HERMÈS. In her hand she's holding the *Voile* spaghetti measure designed by LPWK and Paolo Gerosa for ALESSI's *Objets Bijoux* collection.

An insane assemblage of books, exhibitions, projects, and names to know and drop.

Styling assistant: Mitch McGuire. Makeup by Marcelo Gutierrez using Chanel Beauty. Grooming by Eranie Fruusto. Talent: Jiyoung Chang (Fenton) and Nat Carlson. Assistants on set: Tyler Mariano and Hyosun Kim. Special thanks to Horacio Silva.

Born with a silver spoon in your mouth?
Try going through life with a coffee maker
around your neck. Nat (opposite page) paired
her EDGAR MOSA necklace with the iconic *La
Conica* espresso coffee maker designed in the 1980s
by architect Aldo Rossi for ALESSI. Nat's earrings
are by GEORGINA TREVIÑO, the bandeau top
by BEVZA, and her hat by ERIC JAVITS.
Meanwhile, for Jiyoung the season's
essential bowl cut involves an actual
bowl. The one she's wearing is a
limited edition dark copper version
of ALESSI's AC04 fruit bowl,
designed by Achille Castiglioni.
Always at her fingertips: the *Chestnut*
pill box by Gabriele Chiave and
Lorenza Bozzoli for the *Objets Bijoux*
collection by ALESSI. *Infinity* glasses
by MOOOI for GENTLE MONSTER.
The bracelet is from the *Chaîne
d'ancre Game* collection by
HERMÈS, the necklace is by ONE
SIX FIVE, the ring by KOTA
OKUDA, the earrings are by
SARAH RACHEL
BROWN. The dress is
vintage COMME DES
GARÇONS (via
James Veloria).

Nothing sets the table for a big night like a hip chip-and-dip set — and few wear it better than Wemi (left). Her *Super Star* hors-d'oeuvre bowl is a design by Tom Kovac for ALESSI. The bangle is by EDGAR MOSA, the ring by KOTA OKUDA, and the silver top and sunglasses by SLOW AND STEADY WINS THE RACE. The gloves are by LACRASIA and the *Roost* egg cup is by Adam Goodrum for ALESSI.

For her part, Nat is ready for hot gossip with an ornamental trivet worn around her ear. The sand cast aluminum piece is a design by Jamie Wolfond and Sam Anderson for GOOD THING, as is the mirror *Utility*, which was designed by Visibility. The *T-Timepiece* tea infuser worn around Nat's neck is a design by Titus Wybenga for ALESSI's *Objets Bijoux* collection. Her top is by CFGNY and her ring is by BING BANG.

Household chores and attention-getting style can fit like a glove. Case in point: Wemi's exceptional protective wear, which includes gloves by LACRASIA, a hat by ERIC JAVITS, necklace and earrings by SASKIA DIEZ, the velvet bra is by BASERANGE. The hand mirror is a replica of a bronze model from Cyprus from 6th century B.C. It is produced by MICHAEL ANASTASSIADES. Meanwhile, Jiyoung (opposite page) is putting her head, as well as all her eggs, in one basket: the *Market Tote* in porcelain-colored leather, worn as a headpiece, is a design by VARIOUS PROJECTS for MAHARAM. In Jiyoung's left hand is a *Chaîne d'ancre Game* bracelet by HERMÈS, in her right hand the *Shot* hip flask designed by LPWK and Paolo Gerosa for ALESSI's *Objets Bijoux* collection. The white shirt is vintage COMME DES GARÇONS (via James Veloria).

HOME

Sometimes the best night out can't hold a candle to a good night's sleep. Resting behind the candelabra, Nat is wearing a shirt by CFGNY, a strand of interconnecting pearl earrings by SLOW AND STEADY WINS THE RACE, and a classic sink stopper as a ring. The five-prong *Little Bold* candelabra is a design by Dutch designer Roderick Vos for MOOOI.
